QUALITY POLICY

 MACEDONIA STAINLESS STEEL WORKS	Doc. # APPENDIX C	REV: 00	Date: 30/03/2024
	Page 1 of 1		

QUALITY POLICY

It is the policy of **MACEDONIA STAINLESS STEEL WORKS** that all of our activities are carried out in accordance with our quality management system, which is working towards ISO 9001:2015.

MACEDONIA STAINLESS STEEL WORKS quality management system manual sets out the organization and arrangement of the company management systems.

The quality management system contains all the procedures and associated documentation to manage and control our business and is available to all staff.

The aim of our quality management system is to ensure that:

- We deliver a quality product & service to maintain excellent customer relations
- Customer satisfaction remains inherent to our business
- Our customer's requirements have been fully understood and met
- All work is carried out consistently to a defined standard
- We have the skills and resources to fulfil our customer requirements
- Our staff is fully trained and involved in quality improvement
- We strive to continuously improve our systems and procedures
- We only use services that meet our own quality assurance standards
- A professional approach to customer interface is maintained at all times
- Any complaints are dealt with efficiently and within an acceptable time period

MACEDONIA STAINLESS STEEL WORKS recognizes the importance that the quality of our service has to the future of our business.

Quality is a degree of excellence, which is ever changing. Every member of staff is involved in managing how we can improve today, tomorrow and long into the future.

From the smallest procedure to the largest contract, quality is our passport to customer satisfaction and to our future business.

This quality policy statement has been implemented into the **MACEDONIA STAINLESS STEEL WORKS** management system and will be reviewed at regular intervals.

Managing Director

HSE POLICY

	MACEDONIA STAINLESS STEEL WORKS	Doc. # APPENDIX B	REV: 00	Date: 30/03/2024
		Page 1 of 1		

HEALTH, SAFETY & ENVIRONMENT POLICY

MACEDONIA STAINLESS STEEL WORKS is committed to prevent all types of incidents, ill health and environment damage arising out of its business activities, which include insulation, commissioning, repair and fittings works in all types of industrial, commercial, residential and infrastructure construction works, through effective Occupational Health, Safety & Environmental System.

OUR BELIEF

- Any incident which cause ill health, injury, damage to environment, damage to machinery and destroy materials can be prevented by taking necessary precautions;
- Implementation of Health, Safety and Environmental (HSE) requirements is a line responsibility and HSE professional will work as catalyst to ensure that all site personnel fulfill their HSE responsibilities voluntarily.

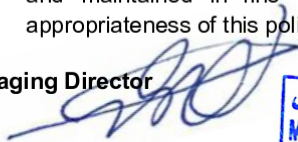

OUR GOAL

- Provide safest possible working environment to all employees;
- Encourage HSE awareness among employees through suitable motivation;
- Discourage actions and behaviors which harm Health, Safety & Environment;
- Establish and maintain prudent HSE practices in all aspects of the works and at all levels of the organization.

OUR PATH

- The senior management shall visibly uphold the principle of this policy
- Self-regulation shall be promoted and HSE responsibility shall be specifically communicated to all concerned and clarified to ensure proper understanding.
- Every activity shall have a formal risk assessment and all employees shall be made aware of the hazards and control measures of the job being performed.
- Environmental aspects related to the organization shall be identified and aspects that have significant impacts shall be determined. Pollution prevention and waste reduction shall be pursued; re-use and recycling shall be encouraged;
- Comply with all Legal requirement (including EHSMS requirement of Environment Agency – Abu Dhabi); Local Regulations and contractual obligation.
- Health, Safety and Environment performance shall be periodically monitored;
- Occupational Health, Safety and Environment Management System shall establish, documented and maintained in line with ISO 45001:2018 and ISO 14001:2015 requirements. The appropriateness of this policy shall be ensured by reviewing it periodically.
